Master's in Software Engineering

National University of Computer and Emerging Sciences (FAST).

August 2024 - PRESENT

CGPA: 3.81

Bachelor's in Computer Science

National University of Computer and Emerging Sciences (FAST).

August 2019 - June 2023

CGPA: 3.51

EXPERIENCE

Frontend Developer - Wavetec, Karachi.

June 2024 - PRESENT

Achievements:

- Built and optimized reusable Angular and React components for scalable kiosk deployments, reducing UI development time by 40%.
- Led UI architecture design for self-service kiosks, improving maintainability and consistency across projects.
- Developed reporting and monitoring portals with real-time data on transactions, machine status, and performance.
- Contributed to CI/CD process for front-end delivery, improving deployment speed and reducing manual QA cycles.

Frontend Engineer - Softech Worldwide (VIDIZMO) , Karachi.

April 2023 - June 2024

Achievements:

- Optimized the application's loading time and reduced Angular bundle size from 5MB to 1MB through lazy loading
- Upgraded the Angular version from 6 to 15, unlocking new features and improving app stability.
- Integrated Google Analytics for user behavior insights, enabling data-driven UX improvements.
- Built dynamic forms using reactive forms and schema-based generation, increasing flexibility and reducing development time.

Frontend Developer (Contractual) - ProtoDev, Karachi.

January 2023 - March 2023

Achievements:

- Developed complete frontend for a responsive e-commerce site in React, ensuring seamless UX across devices.
- Created a professional company website aligned with brand identity and modern UI standards.
- Applied mobile-first, responsive design with performance optimizations, improving UX and reducing bounce rates.
- Applied basic SEO and accessibility standards to enhance search visibility and user inclusivity.
